F · PLATFORM CHECKS

shown apart from what the parties declare

CHECK	RESULT	EVIDENCE GRADE
Every serial is on the Northwind Cloud manifest and was collected	Passed · 16 of 16	4 · Machine-checkable
A resale approval covers every serial, dated before the sale	Passed	4 · Machine-checkable
End user found on the company register, name and number match	Passed	3 · Independent record
End user and parent screened against sanctions and denied-party lists	No match	3 · Independent record
Destination is a country the terms allow	Passed	2 · Signed document
ITAD certification valid on the collection date	Passed	3 · Independent record

"No match" means the buyer was not found on the lists searched. It supports Northwind Cloud's own screening and does not replace it. The platform checks the document; it does not assess whether the end use is permitted.
